## CCC MAY GET ARMY DRILL

War Department Officials  
Point To World Unrest And  
Need Of Trained Reserve

WASHINGTON, (U)—High army and war department officials today said that they favor military training of Civilian Conservation Corps workers.

Growing tension in Europe, enlargement of European armies and air forces, added to apprehension over economic penetration of South America by totalitarian nations were cited as reasons for the building up of this country's fighting reserves.

The officials said they expected that any proposal to train CCC recruits would encounter opposition in congress.

Secretary of Labor Perkins, opposed to the proposal, took her protest against it directly to the white house when it was suggested several years ago by American Legion officials to President Roosevelt. At the white house it was said the President had an "open mind" on the subject at that time. Mrs. Roosevelt, however, sided with Miss Perkins, contending that the CCC should be an army of peace, not of war.

To date, 2,122,000 young men have been given CCC jobs. About 300,000 enroll in the agency each year. If all these men had been trained, this country would now have military reserves of about 3,500,000 men.

## Queen Contest Ends Dec. 18

Two Winter Sports Misses  
In Race For Honor Of  
Representing Ski Club

Who is going to be the representative of the Placerville Ski Club in the contest to name the queen of the Sacramento Winter Sports carnival, to be held at Sacramento on January 7th.

That question will be answered December 18, when the race which is now under way under the club's sponsorship, is ended.

Two contestants are in the field Miss Violet Carley, who was the club's entry last year, and Miss Hazel Daves.

The two young ladies will earn their chance for the honor on the basis of points to be awarded for ski club memberships obtained between this date and December 18.

Adolph Martin reports that seventy-five per cent of the money collected from memberships last year was put into the club's building fund and that it is hoped that something of that nature will be done this year.

Winter sports fans who wish to enroll in the ski club may do so by contacting Miss Davey or Miss Carley.

## NON-RESIDENT CARS MUST PASS INSPECTION FOR 1939 LICENSES

SACRAMENTO—Owners of automobiles registered in other states for 1938 who plan to license their machines in California for 1939 today were urged by Registrar Howard E. Deems to submit their cars for official inspection at any department registration office.

Deems pointed out that every machine previously registered in another state must be submitted for official verification on engine and serial number against the registration papers held by the owner. Deems stressed that this check is in no sense a mechanical inspection of equipment.

Ray Pyle was a weekend visitor from Colusa.

## ROLL CALL IS CLOSED

Red Cross Cites 8 Units  
For 100 Per Cent  
Enrollment; Workers Thanked

Concluding the annual roll call of members, El Dorado County Chapter of the Red Cross, through its officers, on Tuesday expressed thanks to all who have assisted the roll call, either by their participation as workers, or by their financial support.

"Had it not been for the untiring work of the regional leaders of the county," says a statement by Mrs. Edwin F. Smith, secretary, "we could not have met our quota. As a result of their work and the very excellent support, we have enrolled members representing a total of \$672.17."

The chapter cited the following for their 100 per cent enrollment:

The Diamond Springs Lime Company, Reuel V. Whigham, captain; El Dorado Limestone Company, Gar Darrington, captain; Black Mine, Superintendent E. M. Cooper, captain; the Forest Service, Mrs. Margaret Ward, captain; Pacific Gas & Electric Co. employees, Louis Neil, captain; Pacific Telephone and Telegraph Company employees, Buster Nicks, captain; Placerville Grammar School faculty, John Palmer, captain; and the High School faculty, Wilma Larson, captain.

"The chapter wishes to extend thanks to the following for their generous contributions, Swift Berry, Michigan-California Lumber Company, Camino; Russell J. Wilson, Black Oak Mine, Garden Valley; the Garden Valley Miners' Association, the Federated Church of Placerville; and the Placerville Branch of the Bank of America.

"In addition, thanks are extended to the various regional leaders in (Continued on page 4)

## Odd-Shaped Cards Delay Postal Workers

If the Christmas greeting card which you sent out are exceptionally small or of unusual shape, you'd better allow a little extra time for their delivery.

This is the suggestion of Postmaster Joseph Scherrer who reports that the co-operation of the public in Christmas mailing is all ready showing a good result in the handling of mail at the Placerville postoffice.

"Greeting cards which are smaller than usual or are oddly shaped can not be passed through the mail as rapidly as cards of the usual size and shape, because they require special attention in handling.

"While it is everyone's privilege to send the size and type of card of his own choosing," the Postmaster declared, "we find that cards which are smaller than two and three-quarters by four inches are so hard to handle that they delay the postoffice in its work at a time when we are anxious to keep the mail moving at all possible speed.

"Dark-colored envelopes also delay the work, for it is hard to read the addresses on dark envelopes. Lighter colors permit the address to be plainly seen, and the mail moves faster."

Mr. Scherrer re-iterated the "Mail Early" plea and pointed out the importance of giving a full and complete address and of placing a return address on the parcel or envelope.

"Valuable parcels should be insured," he advised. "The insurance charge is nominal, in addition to the regular postage rate."

## STATE'S JOB SERVICE HIT

Official Employment  
Agencies Fail To Help  
Farm Industry, Charge

SAN FRANCISCO—Agricultural leaders throughout the state are today expressing dissatisfaction and disappointment in the functioning of official employment agencies, insofar as they pertain to agricultural employment, according to S. Parker Friselle, Fresno, chairman of the State Chamber of Commerce statewide Agricultural Committee.

Friselle presented the following resolution, prepared by the agricultural committee to the State Chamber Board of Directors at the organization's annual statewide meeting, held in San Francisco on December 2.

WHEREAS, Agriculture is recognized as a basic industry in California, and

WHEREAS, Agriculture in California has demonstrated its willingness to cooperate with Federal and State agencies charged with the administration of Social Security, Unemployment Compensation, and Employment Service legislation, and

WHEREAS, It seems apparent that such administration should be of material benefit to agriculture in view of existing economic conditions and the amount of money appropriated by the State Legislature and the Federal Government specifically for employment service activity, and

WHEREAS, It is our belief that (Continued on page 3)

Camp Snowline Club At  
Tuesday Luncheon Gets  
Recognition For Work

Lions expressed their appreciation to the Camp Snowline CCC softball team for representing the club during the past season in the county softball league, by having the team as guests of the club at luncheon Tuesday.

Lion President H. E. Dillinger called Tom Brumbach, of the softball committee, who introduced the team manager, who in turn called on all of the players by name and each was given hearty applause as he stood in response to his name being called.

Lion President Dillinger reported as general chairman of the recent show showing a net profit of \$40 on the venture for the club's welfare fund.

Speaker of the day was Lion C. E. Barker, who continued the series of talks on the Agricultural Economic Conference, held several weeks ago, touching upon phases of the conference activity which had not been included in the remarks of previous speakers.

## JAMES MCGRAW INJURED IN WRECK OF CAR ON SATURDAY

James McGraw was removed to his residence on Monday from Placerville Sanatorium, where he has been a patient Saturday and Sunday night for the treatment of injuries received when he wrecked his car on the highway Saturday near Sierra View Farm, about six miles east of Placerville.

His hurts consist of a severe laceration of his neck under his chin, a bad cut on the nose, fracture of the breast bone and of two ribs.

Westbound on the road, McGraw suddenly lost control of the car, which smashed into the roadside bank.

## REVIVES CURFEW

CAMERON, Mo., (U)—City officials have revived the curfew law here again. A bell at 9 p. m. each night warns children under 16 to get off the streets unless they are accompanied by their parents.

Mrs. Olive Knox-McKenney, a native of Iowa, aged 94, who came to California in 1852 and resided in El Dorado, Sacramento and Alameda Counties, died recently at Berkeley, according to The Grizzly Bear, for December. Two children survive.

PASADENA, (U)—When John Houk discovered that he lived just 50 feet outside the city limits, he demanded a refund of his dog tax, which he got.

## Attention, Please

The traffic congestion at the scene of fires, created largely by the public desire to satisfy its curiosity, continues to be a menace to the public safety and a dangerous work.

The practice of following closely on fire trucks or other emergency vehicles is a violation of the state law and the undersigned has been instructed by the City Council to curb this violation in the public interest.

To the end that none may plead ignorance of the law, this public notice is given, with a request for your co-operation.

## MUSIC SERIES ENDS TONIGHT

Third Of Season's Events  
Features Soprano Soloist  
And Concert Pianist

The closing event of the third annual Placerville Music Series will attract a large audience to the club house of the Shakespeare Club tonight for a vocal and piano concert which gives promise of being a special treat for music lovers.

The artists who are to be presented in this third event of the current season are Lucille Ehorn, soprano, and Emerie Rudland, concert pianist. The series has been conducted under the sponsorship of the Shakespeare Club Choral.

Lucille Ehorn is especially well-known to music lovers of Central California and is a member of the San Francisco Opera Guild whose talent is very much in demand, not only at the Bay District, but elsewhere in Northern California where an appreciation of music manifests itself in such community undertakings as that which tonight brings her to Placerville.

Emerie Rudland requires no introduction to lovers of music in El Dorado County, having appeared last year in Placerville during the Music Series.

## Council Pushes Sewer Work

Plans, Specifications On  
Unit Approved; Trustees  
May Advertise Job Dec. 12

At the regular meeting of the city council on Monday night, the council gave tentative approval to plans and specifications for the Cedar Ravine and Emigrant Ravine units of the sewer system, and adjourned to meet again on December 12, having in mind that possibly by that time it may be in order to advertise for bids on the work.

The "tentative" approval which the council gave to the plans and specifications was "tentative" in that it will become final upon approval by the PWA, and it is understood that the question of whether the work will or will not be advertised on December 12 will be answered depending upon the dispatch with which the necessary preliminary details may or may not be concluded before that time.

Councilman Fred N. Hosking, following a report by the fire department, moved that a 4-inch water line be placed on Lincoln Street "as soon as possible." It was indicated that the line will replace an existing inadequate line.

The zoning ordinance was laid over again and the council, at the request of the Pacific Coast Construction Company, contractor on the filter plant enlargement, made application to the PWA for an extension of time on that project.

## CAMINO FARM CENTER MEETS TONIGHT AT CLUBHOUSE

The regular December meeting of the Camino farm center will be held at the center's clubhouse at Camino tonight. One of the entertainment features of the meeting will be the showing of motion pictures provided through the courtesy of the Weaver-Rye Tractor Company.

Coloma center met Monday night at Coloma Community Hall, with Malcolm Veerkamp, chairman, presiding. Farm Advisor Ivan Lilley led a round table discussion on the merits of the recent agricultural economic conference in the county and entertainment included motion pictures and vocal solos by Mrs. Leland Cook, with Miss Beatrice Ramm as accompanist.

## DRUNKEN DRIVING DRAWS \$200 FINE IN LOTUS COURT

Parrish was arrested Saturday between Cool and the Placer County line. With him in the car was Marie Stanford, also of Marysville, who pleaded guilty to a charge of intoxication and on whom the court imposed a jail sentence of six months, suspended.

## 15 KNOWN DEAD IN MINE CRASH

Cars Carrying 50 Men  
Run Away Down 3-Mile  
Track As Cable Breaks

SYDNEY MINES, N. S. W., (U)—The cable of a steep railway into the Princes colliery snapped today and cars carrying 50 miners hurtled down the incline and were crushed.

Rescue crews recovered eight of the bodies and nacked their way through the wreckage in search of others. Estimates of the total dead ranged from 10 to as high as 30.

Officials of the Nova Scotia Steel and Iron Co. announced at 11:30 a. m. that 15 miners were known to have died and that 45 injured had been listed. They believed 100 men still were in the pit and they had not determined the total casualties.

The 50 men, assigned to the day shift, were entering the mine in box-like cars of the cable railway, which winds up a steep and tortuous course from the surface to the end of the diggings nearly three miles from the entrance.

The cable, controlled by a winch at the surface, broke when the train was less than half way down into the mine. The men were packed into the little cars with high sides. A few managed to jump before the train gained great momentum. They escaped with minor injuries.

Some jumped later and were killed under the wheels. Then, down toward the bottom of the mine, the cars jumped the track and smashed against the walls of the tunnel. Most of the dead were in that pile of wreckage.

## Ticket In September Yields Sentence In December

April showers bring May flowers, and "clever" motorists who get traffic tickets in September, receive sentence in December.

"The 'clever' one is Robert Clark, 1010 G Street, Sacramento, to whom Officer H. B. Fowler of the state highway patrol issued a citation September 4 for driving through a stop sign at Clark's Corners, and for not having an operator's license.

Clark, it now develops, was driving his landlord's car, and gave the officer the landlord's name and address as his own.

In due time, Justice of the Peace T. F. Lewis wrote the landlord informing that continued failure to appear would result in issuance of a bench warrant, which was news to the landlord who came to Placerville post haste, or quicker than that.

Then the landlord remembered that at about that time, his wife had permitted a tenant to use the car, and so, Officer Fowler went to Sacramento after the tenant. Well, he'd moved two or three times, but Fowler found him.

"Fifty dollars or twenty-five days," sentenced Justice of the Peace Lewis.

Clark is in jail.

## PARIS, BERLIN SIGN A PAPER

Representatives Of Two  
Powers Bind Governments  
To Parley Before Fighting

PARIS, (U)—The foreign ministers of Germany and France today signed a cream-colored sheet of sheepskin parchment pledging the two historic enemies to meet at a conference table instead of resorting to war for settlement of their disputes.

The document—signed by Nazi foreign minister Joachim Von Ribbentrop and French minister, Georges Bonnet on the spot where the Briand-Kellogg anti-war treaty was initiated a decade ago—may profoundly affect future European relations. But only future developments will demonstrate whether it will become an historic document or a political gesture.

Its formal purpose is to pledge both nations to outlaw war as an instrument in settling disputes. It bears no time limit. Hence the two powers agree to recognize their present common frontier along the Rhine after generations of sporadic warfare and to negotiate all future troubles avoiding resort to force unless all efforts toward compromise fail.

The ceremony of signing the document was on a brilliant stage in (Continued on page 3)

## Mooney To Ask For Pardon

Last Lebal Appeal, For  
Habeas Corpus Writ,  
Denied By Highest Court

SAN FRANCISCO, (U)—Thomas J. Mooney, former labor leader serving life imprisonment for the Preparedness Day bombing here in 1916, reached the end of a long series of legal attempts to gain his freedom today.

Turned down in his final bid to have the U. S. Supreme Court allow him to file an original petition of habeas corpus, Mooney announced his intentions of filing a petition for a state pardon.

Through this move it appears likely he would gain his freedom through the sympathetic attitude of Governor-elect Culbert Olson.

Olson, first democratic Governor in California in 44 years, has said he is convinced of Mooney's innocence. After taking office the first of the year, Olson has said he will call a hearing to hear any evidence that Mooney was not "framed" as he has charged.

## Sports Parade

By HENRY McLEMORE

LOS ANGELES (AP)—I don't think anyone in the United States would blame Howard Jones if today he lost his patience and understanding long enough to tell the Southern California Athletic Control Board that it was small, petty, and could go to—well, you know where.

What a swell deal the Southern California board gave its football coach all year! What a lovely kicking around its members let him take! From the time Jones' team lost to Alabama, until the time it took the field against Notre Dame the other day, there were ten thousand rumors—written and spoken—that he was through. As far as I know not one of those rumors was denied.

As far as the country knew, Jones was almost on a game to game contract. It was a case of "lose and out you go, win and you hang on." I passed through 15 or 20 states getting from New York to California, and I didn't run into a single soul who thought Jones had a chance to keep his job.

I would like to see a school dismiss Jones today. The man could have a criminal record and still be welcome at any university you can name. All he has done is play ten football games before a combined attendance of 520,000 persons, which, if my mathematics is sound, is an average of a little better than 50,000 a game.

Add to that the coming Rose Bowl game, with its crowd of better than 85,000 and its guaranteed cash of more than \$100,000, and you see what a help Mr. Jones is to a school that depends a great deal on athletic intake. Southern California is not a state school, and does not get \$30 every Thursday from the governor. It depends on gifts from friends and alumni. You can easily see what a friend Mr. Jones has been this year.

Having discussed Mr. Jones as a money maker, let's take a look at him as a coach. He stacks up pretty well there, having on Saturday fielded a team that was too much for the eleven that everyone thought was a dead cinch for the national championship.

Notre Dame was beautifully coached, a great team. Southern California was just a little better coached and just a little greater eleven. The critics had tagged Mr. Jones as a coach who could lead only in brawn. A muscle man, so to speak. Well, he had his boys throwing their weight around mighty well, but unless my fifth grade hygiene teacher was wrong, the muscles move only at the command of the brain. Putting two and two together, it is fairly obvious that Mr. Jones had not neglected the mental side of his job.

In conclusion, I want to invite Southern California's president, Rufus B. Von Kleinsmid; its athletic director, Willis O. Hunter; its Athletic board chairman, Hugh C. Willett, and Henry C. Bruce, the comptroller, to a cocktail party to

## Stewart Says—

Sen. Byrd to Push  
Reorganization Plans  
in New CongressBy CHARLES P. STEWART  
Central Press Columnist

WASHINGTON, D. C. — When Hugh R. Wilson, just returning from Germany to make his ambassadorial report to President Roosevelt, gets on into his story, it is a safe bet that our chief executive will be told the Fatherland could do worse than with Herr Hitler, bad as the latter is. Shortly before the pogrom broke out I had a chat with an old friend, long a resident of Leipzig

Wilson

but on a visit in this, his native country. I refrain from naming him or he couldn't go back to his business in Europe. Anyway, I expressed surprise that someone doesn't take a pot-shot at the fehrer. He immediately would be killed, of course, but there are folk willing to make that sacrifice in such situations as the Germans' present one. I don't contend that assassination is justifiable in any circumstances, but it's committed occasionally in emergencies.

"It would be most deplorable," said my friend. And he proceeded to outline the horrors that would be sure to follow an unceremonious "bumping off" of Herr Adolf.

He's hard-boiled all right, according to reliable information. Let Goering, it appears, is human—sane, companionable, a jolly German.

But aside from that, continued my friend, "in the event of Hitler's elimination, Propaganda Minister Goebbels would be certain to succeed him. Now, the democratic world thinks of Hitler as the limit, because he's been more advertised, but he's mild in comparison with Goebbels."

Marshall Goering, the Nazis' military promoter, is spoken of as one of the Reich's toughest characters. He's hard-boiled all right, according to reliable information. Let Goering, it appears, is human—sane, companionable, a jolly German.

PAST WARNS FUTURE  
SAN JOSE, (AP)—Workers on the Federal Writers' Project, having ascertained that just 100 years ago in 1838 the city budget was \$326.60, have calculated that if the same rate of increase continues for the next 100 years, city taxes in 2038 will total \$3,000,000,000.

At that time we will discuss Howard Jones' successor as head football coach at Southern California. Drinks will be poured by the state sanitary commission.

Cheerio, boys, and may I have four seats on the fifty yard line at the Rose Bowl Comps. I mean. Three of my wife's aunts are coming out.

## State's Job Service Hit

(Continued from page one)

by "employment service activity" is meant specifically the work of finding suitable jobs for unemployed qualified persons, thus reducing relief rolls.

NOW, THEREFORE, BE IT RESOLVED, That the Agricultural Committee of the California State Chamber of Commerce do recommend that an immediate study of the administration of the Division of Employment of the State of California and the California State Employment Service be undertaken to determine:

1. That monies allocated for the maintenance of the California State Employment Service are being so used, and such funds being economically and effectively spent.
2. The possibility of broadening the activities of employment service personnel so as to make their efforts more effective as regards agriculture.

## RADIO CHAIN BANS "NEWS" IN DRAMATIZATIONS

WASHINGTON, (AP)—The federal communications commission announced today it would take no punitive action against the Columbia Broadcasting System and member stations which carried the Orson Welles program "The War of the Worlds" October 30.

The commission said CBS had agreed not to use the technique of an imitation news broadcast within a dramatization as used as part of the "war of the worlds" broadcast.

What change in existing laws and regulations are necessary to enable these services to most effectively serve agriculture.

the clock salon of the ministry of foreign affairs, with Premier Edouard Daladier and high officials of both governments present.

The accord was a brief document written on one side of the parchment, which was bordered in red. On the table beside it were two centuries old inkstand and a pen holder in which was stuck a golden pen for the ceremony.

There were two copies of the agreement, one in French which Bonnet signed first and one in German which Ribbentrop signed first.

The ceremony was made public by admission of delegates representatives of the French and German diplomatic press, who stood at opposite ends of the table. Motion and still cameramen swarmed through the salon.

After the brief ceremony, Daladier led the Germans into an adjoining salon where they gathered around a big oval table for their first formal conference.

Probably you've never imagined

when he gets into the Rose Bowl

It all happens in "Mr. Doodle
